About Me

25+ years of experience in – and passion for – the design and development of web and app UI. Life-long learner, communicator, deliverer on commitments. Mindset comprised of agility, creativity, design thinking, problem solving, collaboration, and a focus on quality within constraints. Expert in visual and responsive design, usability, and WCAG accessibility. Guru-level maker of a multitude of products: web/app UI, front-end systems, publication automation systems, digital and print-based communications. Enthusiastic, motivated motivator, mission-focused, and forward-thinking!
